Are you aware of all four solar project proposals in our area?

Which of the statements best describes how you feel about 10,000 acres of food producing farmland being used for industrial solar sites?

Any comments you wish to add regarding the above question?

Have you registered your Relevant Representation as an interested party for any of the solar site proposal's with the National Infrastructure Planning Inspectorate?

Do you have any skills/experience that you think might be useful to help in our campaign to save our food producing farmland and if so would you be prepared to give some of your valuable time? If so please comment in the section below (adding a contact number would be useful):-

Do you agree to 7000 acres contacting you by email regarding updating you on relevant information regarding the proposed solar sites?

Should you wish to unsubscribe please email info@7000acres.co.uk. Please allow 7 days for this to be actioned.
